

372 East 300 North
Alpine, UT 84004
(385) 484 - 1993

November 16, 2024

We offer instruction in several different hobbies and we're sure we've got something for you!

Our fishing lessons are a favorite for those looking to get outside. They are available year round; that's right, we teach ice fishing too. We provide all of the necessary gear and supplies so all you need to do is show up. There are many types of fishing as well as species of fish to go after, and you'll be able to pick what you want to learn. Whether you've never cast a fishing line or are just looking to learn some new techniques, we've got something for you.

Our fishing course is taught by our founder and resident outdoorsman Sam Armatage, who has been an avid fisherman for over a decade.
